### WHAT WE'RE ABOUT...

Carolina Evolution Volleyball Club is going into our 4th year. We have played, trained, and evolved in to something greater!

There's a reason we have more teams, have expanded our age reach and geographic boundaries, and win more. It's because we have worked hard, listened to feedback, and reevaluated what we want to bring to players and parents in our community. Just like our players, we learn through lessons, adapt, overcome, and respond with growth.

Our goal is to provide athletes and their families excellent quality coaching and athletics aimed to boost game play and volleyball IQ, as well as morale and resiliency, while strengthening team bonds and bonds within our community.

We aim for our program to be the “vehicle of choice” when it comes to taking your player to their destination. Every goal or destination is different, so we pride ourselves in the level of diversity we have in our coaches. Our coaches push to ensure players experiences are the best they can be. We won't accept mediocrity or lack of effort and we expect you to demand the same from us. That's the level of commitment we expect from your athlete and will project back to them.

We know that we can't make everyone happy all the time, so we aim at making everyone better than they were yesterday. We promote an environment of growth and creative competition. Our aim is to push your athlete and our teams to improve athletic skills and to popularize physical culture and mental toughness through sports. Our club's philosophy for competitiveness provides an opportunity to evaluate objectively the organization, coaches, athletes, and officials.

We are here to help our players become better - both on and off the court. It's what we do!

**Welcome to our Family!**
